FROM THE NURSE

Send an extra set of seasonal clothing in your child's backpack. As we are approaching the flu season please encourage everyone in your household to use proper hand washing techniques to aid in the protection for everyone from illnesses and germs. Please screen your children regularly (at least once a week) for head lice. Early detection of head lice is critical to control outbreaks. Notify the school nurse immediately if a case of head lice is detected. If a case of head lice is detected in your child's class, a notice will be sent home with all students.
