

OMMS Afternoon Car Rider Dismissal Procedures

- Parents should form two lines, being careful not to block the covered crosswalk.
- Upon exiting the building, students will load their car if they see it. Otherwise, students will line up on the sidewalk and watch for their car.
- Faculty members will motion when it is time to pull forward.
- Once the initial loading process has taken place, students will load their car “on the whistle”.

If you receive a “thumbs up” or “thumbs down” signal from a teacher, we are asking whether or not you have picked up your child. 😊

Thumbs up indicates, “Yes, I have picked up my child”.

Thumbs down indicates, “No, I have not picked up my child”.
