

Find the range, mean, median, and mode of each data set.

1. 

<b>School Sit-Up Records (sit-ups per minute)</b>	31	28	30	31	30
---	----	----	----	----	----

range: \_\_\_\_\_

mean: \_\_\_\_\_

median: \_\_\_\_\_

mode: \_\_\_\_\_

2. 

<b>Brian's Math Test Scores</b>	86	90	93	85	79	92
---------------------------------	----	----	----	----	----	----

range: \_\_\_\_\_

mean: \_\_\_\_\_

median: \_\_\_\_\_

mode: \_\_\_\_\_

3. 

<b>Heights of Basketball Players (in.)</b>	72	75	78	72	73
--	----	----	----	----	----

range: \_\_\_\_\_

mean: \_\_\_\_\_

median: \_\_\_\_\_

mode: \_\_\_\_\_

4. 

<b>Team Heart Rates (beats per min)</b>	70	68	70	72	68	66
---	----	----	----	----	----	----

range: \_\_\_\_\_

mean: \_\_\_\_\_

median: \_\_\_\_\_

mode: \_\_\_\_\_

5. 

<b>Daily Winter Temperatures (°F)</b>	45	50	47	52	58	45	51
---------------------------------------	----	----	----	----	----	----	----

range: \_\_\_\_\_

mean: \_\_\_\_\_

median: \_\_\_\_\_

mode: \_\_\_\_\_
